SMS Reminders

We will be using an automated SMS reminder system for appointments at the Surgery. This will act as a reminder to patients to encourage non missed appointments, by allowing the patient to cancel/rebook. This will allow us to maximise the use of our resources by minimising the number of patients who do not attend without notifying us. Please note appointments can be cancelled out of hours using the automated telephone or on-line service.

In order for this service to be successful it is **vital that we have your up to date mobile number**. Please complete the slip below. Future amendments can be made by completing a form at reception or by using the online service, where change of address within our practice boundaries can also be made.

I would like to receive SMS reminders and my **UP TO DATE** mobile number is:-

.....

This number can also be used for the following children (under 16) registered at the same address:

.....
